*I agree to allow a representative of the Cooperative to validate the installation at the above address.*

*The cooperative is eager to learn more about electric vehicles and how they impact our members as well as our service. We would like to request feedback occasionally from members who receive this rebate related to the charging, use, and experience with your EV. The best way for us to do this is via email with a few questions that will only take a couple minutes to answer. We appreciate your willingness to assist and ensure your personal information will not be shared outside of the cooperative.*

*Thank you, CKenergy*
